Guaranteed  
to Catch Fish!

When you hear the SFA crew is out on the ice, I assure you they are not sitting on five gallon buckets atop 1" of ice. Today's technology has reshaped the sport and given the safety and comfort on the ice like that of being in your living room. Spend the day inside one of our custom heated Alumina-Lite fish houses. Inside you will experience non-stop fishing action while watching everything unfold right in front of your very eyes! Underwater cameras display everything going on below the ice onto 42" flatscreen T.V.s... Absolutely amazing technology!

## DAYTIME ADVENTURES

4 Hr Trips (9am & 2pm)  
1/\$300 2/\$375 3/\$450 4/\$525

## Exclusive Night Fishing

Lighting up the ice with over 100,000 lumens of light, we give you multiple opportunities for hook sets into Walleye, record Pike and trophy Rainbows. It is the most exciting fishing adventure an angler may experience.

4 Hr Trip (6pm)  
2/\$425 3/\$500 4/\$575

## NEW! SPEAR FISHING

Join us inside our custom spear house while underwater cameras show large Northern Pike moving slowly towards our decoys. Then drop a spear down the illuminated ice hole. Hold on tight as this traditional method of take from the Midwest is sure to bring smiles!
